Elevating interiors

We are proud to present our 2024-2025 catalogue, a comprehensive collection of our range of mat and flooring collections. This catalogue features important steps towards sustainability by introducing eco-friendly backing options for our coir and dustcontrol mats.

We have also updated the colours of our classic Portal dustcontrol mat and added a new range of rugs. You can also discover our elegant and practical bathroom mats. Within our new Heritage LVT range, we now offer a convenient click design in addition to the well-known dryback option, providing a wider range of flooring options.

This is only a small glimpse into our extensive range. Feel free to browse the catalogue and experience how our products can elevate every interior.

With kind regards,

Herbert Altena
Director of Hamat Holding

Members of the Hamat Cooperative

Hamat doesn't stand alone. As a division of the Hamat Cooperative, five companies, in both the Netherlands and in India, work closely together to control the entire production process from start to finish. This includes tufting, semi-finished production, backing processing, packing, stock management and logistics. Learn more about this collaborative organisation on the following pages.

COCO FIBRE INDUSTRIES

Hamat

Your flooring partner

As a specialist in entrance mats and flooring, the Hamat family business has been operating worldwide for more than 35 years, in over 60 countries. With our extensive knowledge and experience, we can optimally anticipate your needs and deliver exactly what you need and expect. With vertical integration of the entire production process, we deliver exclusive products of the highest quality.

All production facilities in-house

With all production facilities in-house, we can deliver quickly and from stock, at an excellent price-quality ratio. We are also flexible, innovative and able to respond immediately to the latest developments and trends. A progressive organisation dedicated to the client. Our fully automated warehouse has space for 16,700 pallets. This enables us to work as efficiently as possible and the stock is available to you at any time.

Sustainability

It goes without saying that we strive to minimise Hamat's impact on the environment. We invest significant time and funds in the development of sustainable products, production methods and procedures to limit waste and reduce energy consumption.

Als specialist in entree-matten, entreezones en vloeren is familiebedrijf Hamat al ruim 35 jaar wereldwijd actief in meer dan 60 landen. Met onze kennis en ervaring kunnen we optimaal anticiperen op uw behoefte en leveren we precies wat u nodig heeft. Doormiddel van verticale integratie van het gehele productieproces leveren wij exclusieve producten van hoogwaardige kwaliteit.

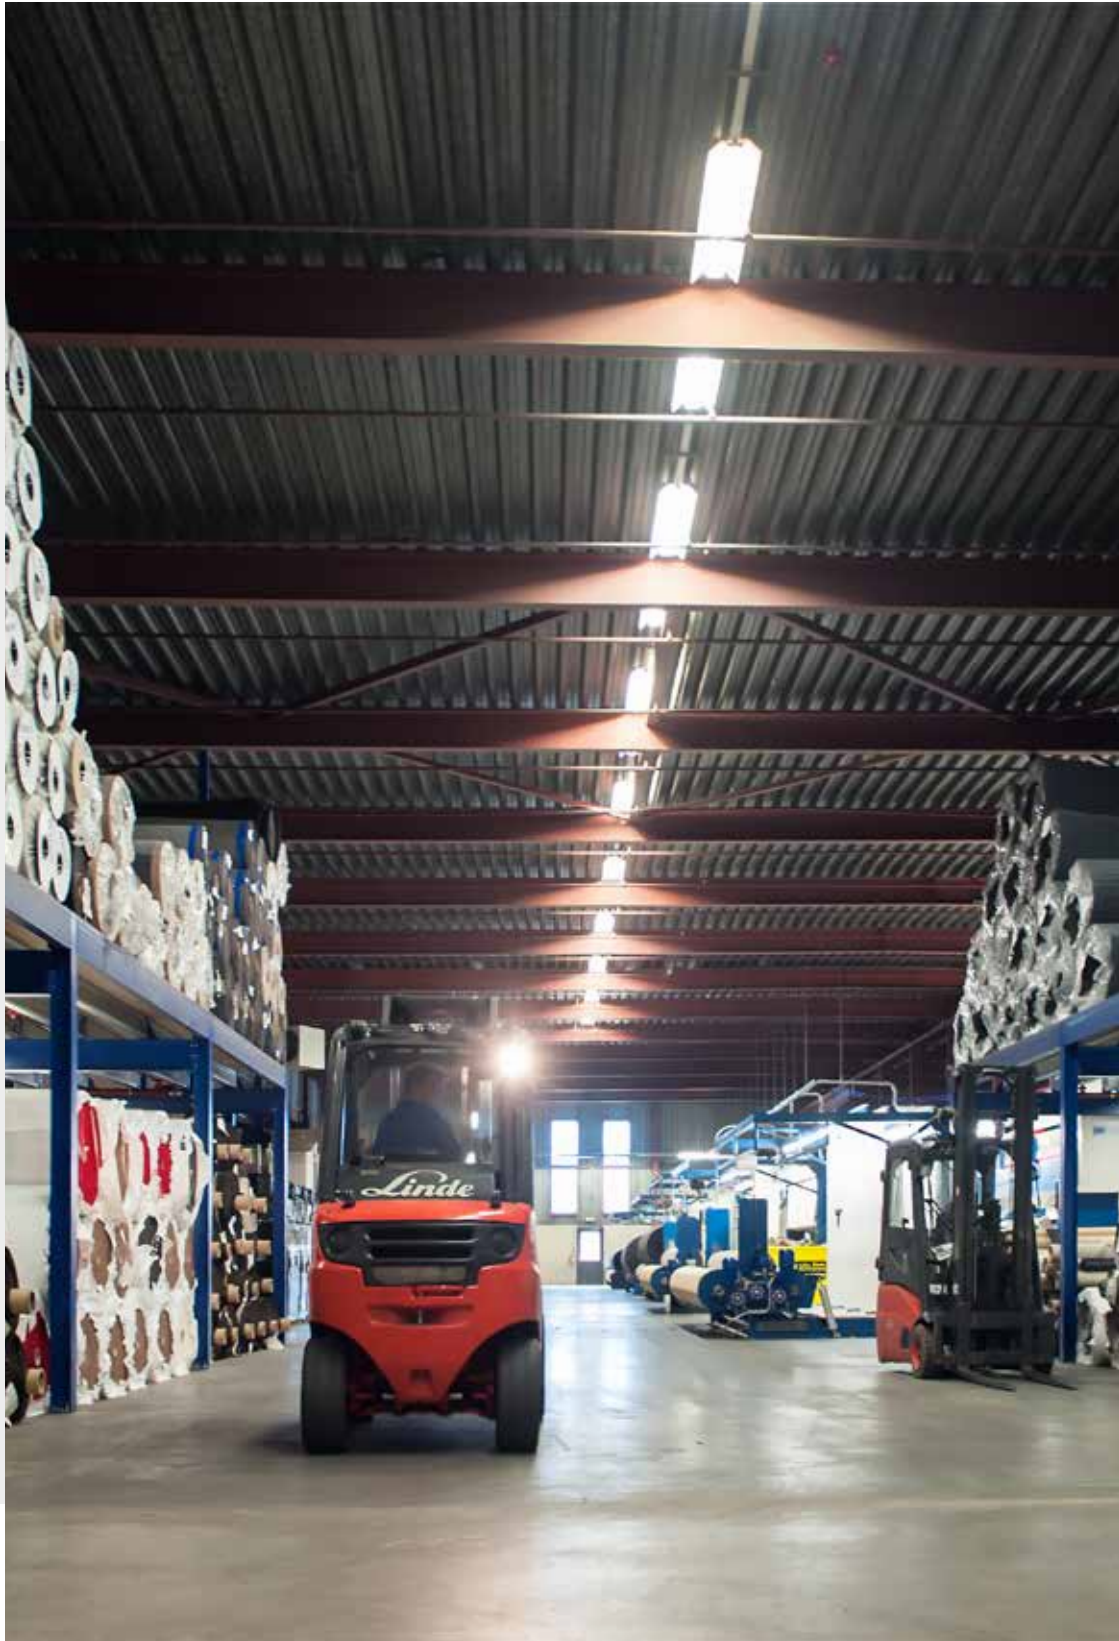

Alle productiefacetten in eigen huis

Doordat we alle productiefacetten in eigen huis hebben kunnen we snel en uit voorraad leveren, tegen een uitstekende prijs/ kwaliteitverhouding. En hebben we de mogelijkheid om direct in te haken op de nieuwste ontwikkelingen en trends. We zijn hierbij flexibel, innovatief en vooruitstrevend.

Ons volledig geautomatiseerde magazijn biedt plaats aan 16.700 pallets. Hierdoor kunnen we zo efficiënt mogelijk werken en staat de voorraad op ieder gewenst moment voor u klaar.

Duurzaamheid

Uiteraard willen we de impact van Hamat op het milieu zoveel mogelijk beperken. We investeren dan ook veel tijd en geld in de ontwikkeling van duurzame producten, productiemethodes en procedures om afval te beperken en het energieverbruik te verminderen.

Avimat

To optimally respond to the demands and needs of our customers, Avimat Coating has been producing the entrance mats and entrance zones since 1997, for which Hamat is responsible for sales.

Production capacity

In recent years, we have made innovative investments that have doubled our production capacity. Our expert staff, the use of ultra-modern machinery and the latest technical applications enable us to cut, coat and pack at a high level of quality.

Laboratory

We are committed to using our years of knowledge and experience to continuously improve. This is why we continually improve the products and their specific properties. We do this in our own laboratory.

Om optimaal te kunnen inspelen op de vraag en behoefte van u als klant produceert Avimat Coating sinds 1997 de schoonloopmatten en entreezones, waarvan Hamat de verkoop verzorgd.

Productiecapaciteit

De laatste jaren hebben we innovatief geïnvesteerd waardoor de productiecapaciteit is verdubbeld. Door onze deskundige medewerkers, het gebruik van een ultramodern machinepark en de nieuwste technische toepassingen kunnen we op een hoge kwaliteit snijden, backen en verpakken.

Laboratorium

Onze jarenlange kennis en ervaring willen we gebruiken om steeds beter te worden. Daarom verbeteren we continue de producten en de specifieke eigenschappen ervan. Dit doen we in ons eigen laboratorium.

BVBVD

BVBVD in Genemuiden handles the tufting, finishing and packaging of the mats for Hamat. Our extensive range of machines enables us to tuft at 4 and 5 metres width. In our finishing department, we cut the rolls of carpet to size and, if required, we finish and roll the products.

Packaging and distribution

The packaging of the products is fully tailored to the customer's needs. Everything is open to discussion. Distribution is entirely by appointment. We deliver ex works, to wholesalers or even to 300 branches at once.

BVBVD uit Genemuiden verzorgt voor Hamat het tuften, festoneren en verpakken van de matten. Met een omvangrijk machinepark kunnen we op 4 én 5 meter breed tuften. Op onze festoneerafdeling snijden we de rollen tapijt op maat en indien gewenst festoneren en rollen we de producten.

Verpakking en distributie

De verpakking van de producten richt zich volledig op de wensen van de klant. Alles is bespreekbaar. Distributie is volledig op afspraak. We leveren af fabriek, aan groothandels of zelfs naar 300 filialen tegelijk.

Coco Fibre Industries

As a business cooperative, we have been internationally oriented for many years. For several years, we have operated our own factory in India. Here we produce coir rolls, coir mats and rubber mats. Coco Fibre Industries Ltd. is ISO 9001: 2015, SMETA and C-TPAT certified. This enables us to ensure continuity in the right level of quality.

Coir and rubber production

We offer a wide range of products and solutions worldwide. Our production line in India complies with all European requirements and certifications, enabling us to anticipate demand and guarantee delivery times.

Als concern zijn we al jaren internationaal georiënteerd. Sinds enkele jaren beschikken we over een eigen fabriek in India. Hier produceren we kokosrollen, kokosmatten en rubbermatten. Coco Fibre Industries Ltd. is ISO 9001: 2015, SMETA en C-TPAT gecertificeerd. Hierdoor kunnen we zorgen dat continuïteit op de juiste kwaliteit wordt gewaarborgd.

Kokos en rubber productie

We bieden een breed scala aan producten en oplossingen wereldwijd. Onze productielijn in India voldoet aan alle Europese eisen en certificaten waardoor we in staat zijn optimaal te anticiperen op de vraag en zijn onze levertijden gegarandeerd.

GrassPartners

GrassPartners based in Genemuiden specialises in the development and production of artificial grass. We offer a wide range of artificial grass. Based on the philosophy of 'Passion for Artificial Grass', we offer an extensive and varied collection of quality products for garden design, leisure, sport and multisport. The products are developed in-house with a clear Dutch signature.

Sparring partner

Choosing GrassPartners means working with an organisation that supports the customer throughout the entire process. Not only with GrassPartners products, but also when developing its own products under private label, which are produced exactly to the customer's specifications.

GrassPartners uit Genemuiden is gespecialiseerd in het ontwikkelen en produceren van kunstgras. We bieden een breed assortiment kunstgras aan. Vanuit de filosofie 'Passie voor kunstgras' voeren wij een uitgebreide en gevarieerde collectie kwaliteitsproducten voor tuininrichting, vrije tijd, sport en multisport. De producten zijn ontwikkeld in eigen huis met een duidelijke Nederlandse signatuur.

Meedenken met de klant

Kiezen voor GrassPartners betekent samenwerken met een organisatie die de klant tijdens het hele proces ondersteunt. Niet alleen bij producten van GrassPartners, maar ook bij het ontwikkelen van eigen kwaliteiten onder private label, die exact volgens de specificaties van de klant worden geproduceerd.

Environmentally friendly and effective: The E-Coco coir mat

With the E-Coco, we pride ourselves on our eco-friendly approach. Our coir mat is made from 100% natural materials, with sturdy coir fibres that effectively scrape dirt. In addition, E-Coco's backing adheres to the same green philosophy, as it contains all-natural rubber, which is also 100% biodegradable. Our coir mats are produced in our own factory in India.

MAINTENANCE WITH JAMES

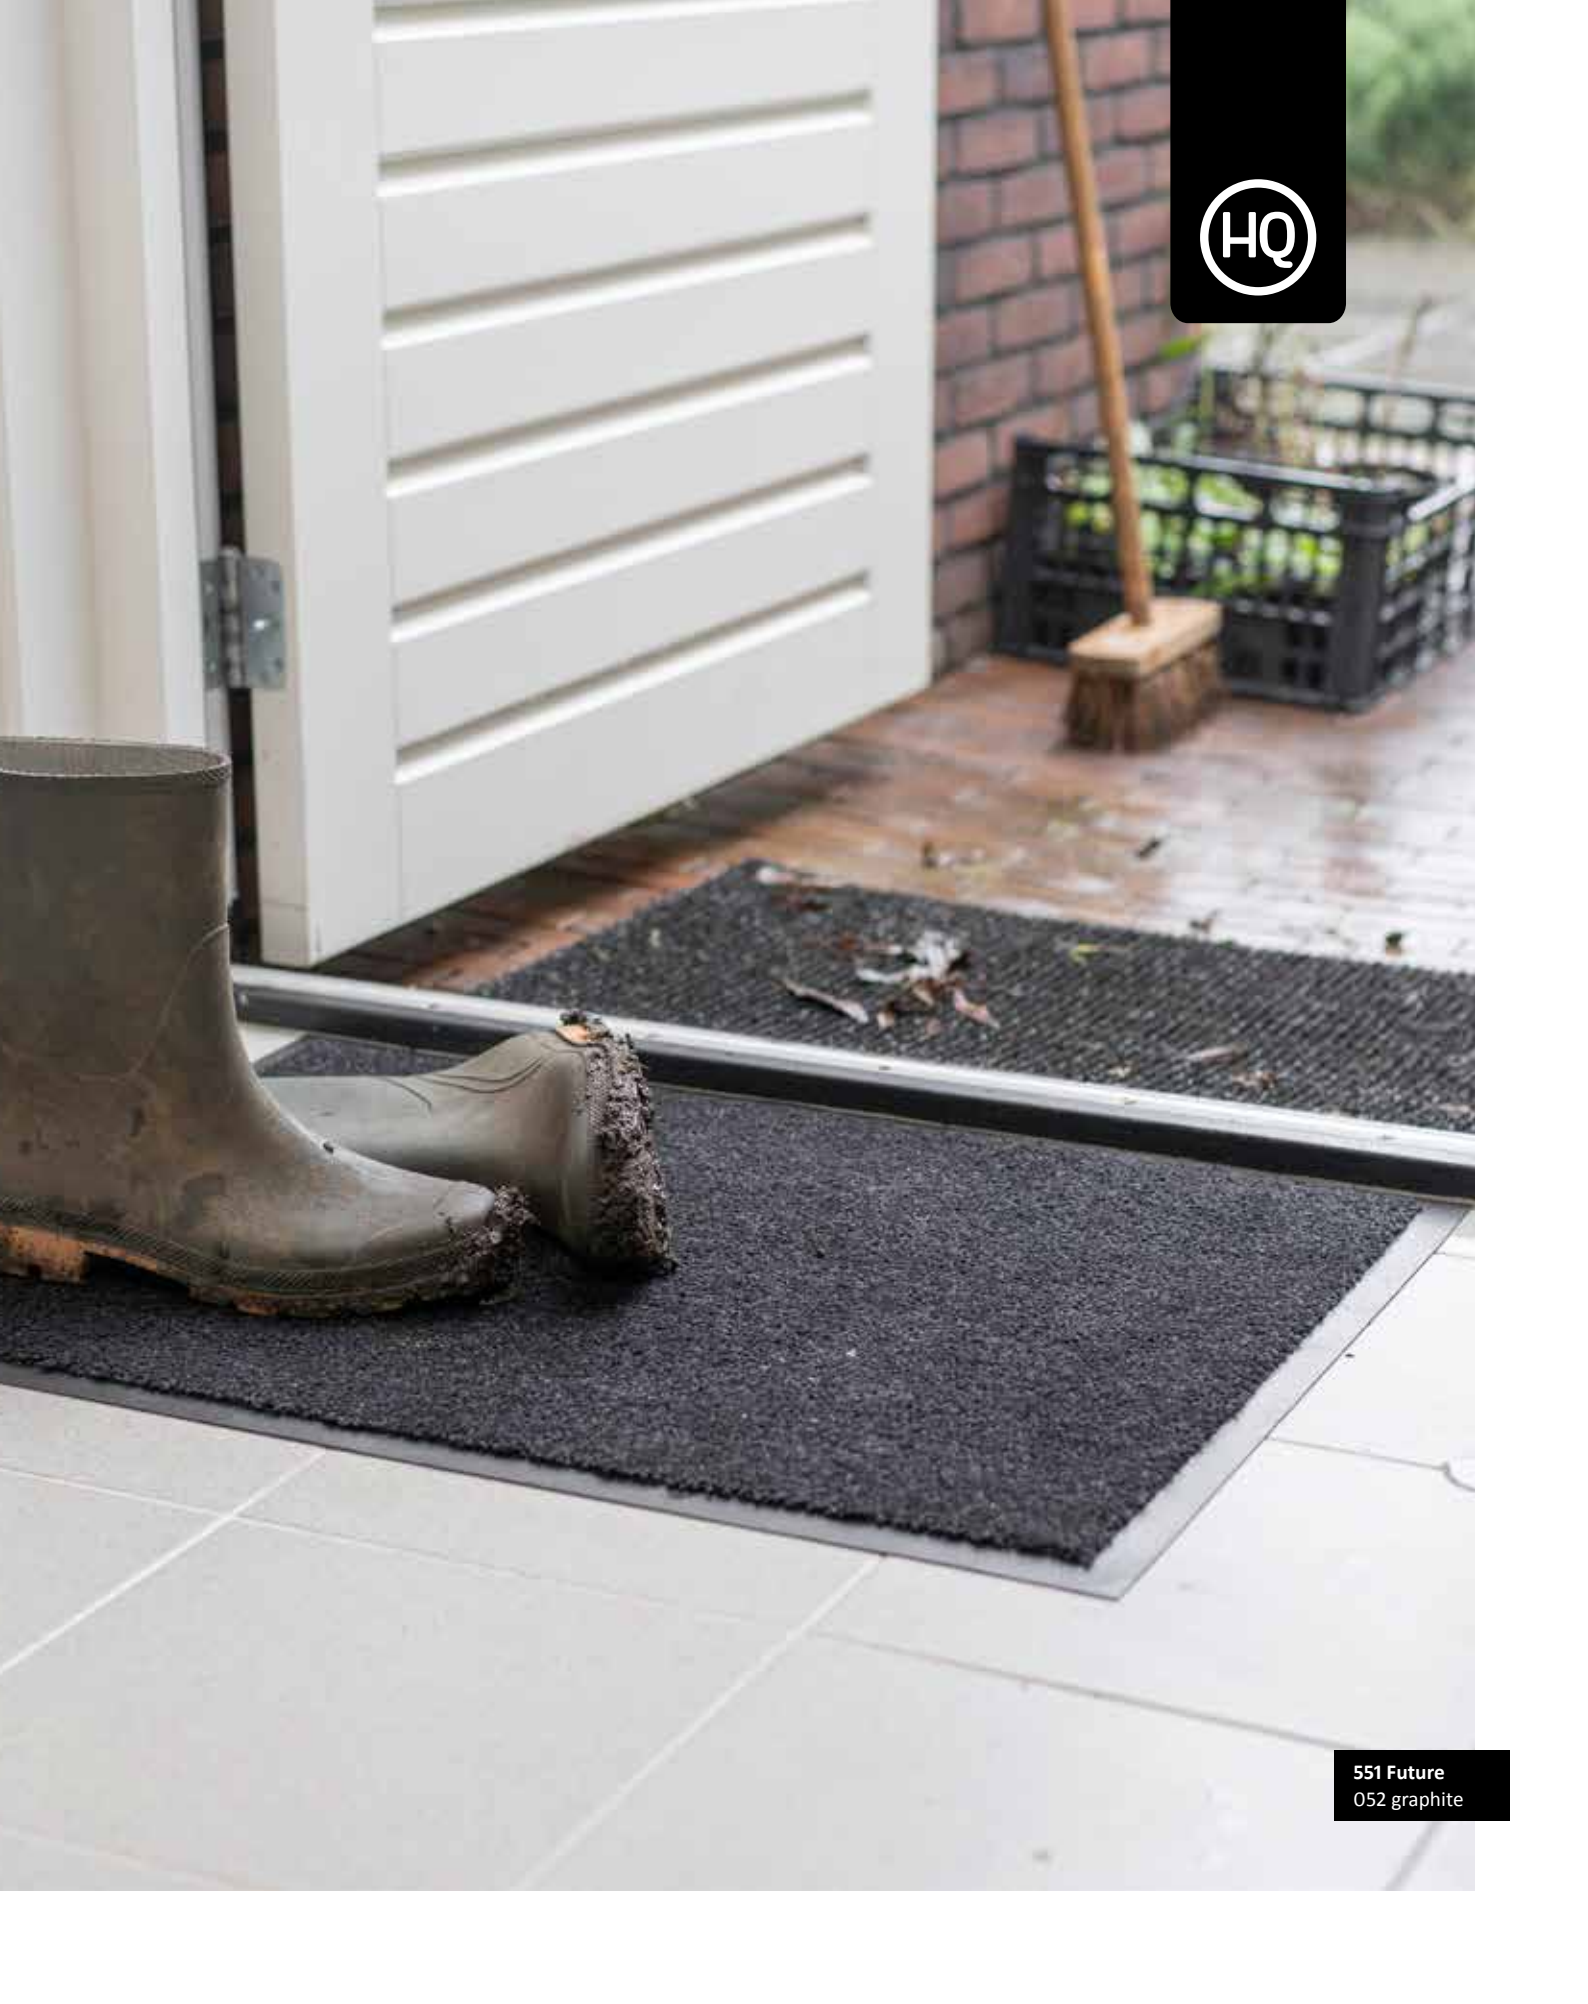

We would like to share our experience and give you some advice to increase the durability of your beautiful carpet. Most carpets retain some loose fibres after they leave the mill due to the use of natural materials. These fibres often appear as loose yarns or balls of fluff on the surface of your carpet. You can carefully remove these yarns with scissors. Vacuum your carpet frequently to keep it dust free.

Need a bit of support?

Together with James we've tested all our products on durability and quality to give you the best advice as possible.

Each type of mat or flooring has its own maintenance advice. View the tips on our website.
